2022 Impact Report

Investing in Impact

"I am very thankful for all they do for me.
No judgement...and a variety of groceries.
This has made me use my food wisely and
have a healthier lifestyle.

It's great to be greeted by a smile when you
think all is lost!"

We opened our second Today's Harvest in March 2022. Since then, our markets have been busier than ever, especially after gaining national attention in August. Our Today's Harvest markets help over 3,000 shoppers each week.

We rescued
1.5 million
pounds of food
from local grocery
stores, reducing
food waste

Today's Harvest
distributed
2,310,698
pounds of food
in 2022

Creating Food Access

"Fabulous program
for us in a tight
squeeze. All workers
are very helpful..."

Really needed it -
when I arrived I was
very down and
fighting back tears."

-Today's Harvest Shopper

Our new Farm to Food Shelf
program supported local farmers
and reduced food waste.

In our first year, we worked with 5 new local
farmers and received almost 3,500 pounds
of local produce.
